Dear OLGC School Families,

[In alignment with Governor Whitmer's Executive Order issued this morning](#), OLGC will extend the timeline for the suspension of our normal operations through the end of the school year. **OLGC Parish School is committed to maintaining distance learning instruction through the academic year.** Our teachers are offering meaningful instruction which will count toward our instructional requirements and the education of our students will continue. Our commitment to academic excellence during this challenging time communicates the great value we offer at OLGC. Our school stands apart from other schools in our community and beyond. [Please see the latest communication from our superintendent, Kevin Kijewski.](#)

I am proud to serve alongside the most incredible team of educators. Our teachers' extraordinary efforts during this challenging time is a testament to their willingness to serve your families no matter the enormous measures. We are dedicated to our school mission to offer a life-changing encounter with Jesus- even if it means remotely. We care deeply about your family and are ready to support your needs to the very best of our ability. We pray that your child's distance learning experience has provided meaningful opportunities for your child to continue learning and growing academically as well as in our faith. Please continue to reach out to me if I may assist your family in any way.

In Christ,

Melissa Hunt, Principal

Mission Statement:

We exist to offer a life-changing encounter with Jesus and equip leaders to transform the culture.
